I want to show my daughter that anything is possible

Yvette is the future homeowner of the Honor and Remember House, a home dedicated to our Veterans who bravely serve our country. Yvette's father, a Vietnam Veteran, and her mother got married and had children at an early age. “My dad worked long hours for very little pay and we relied on food stamps, thrift stores and the Indian Hospital for our healthcare. We were very poor,” said Yvette about her childhood.

As a single mother, Yvette has done an amazing job providing for her daughter, but owning a home of her own seemed far out of reach - until she learned about Habitat for Humanity.

When she broke ground on her future home, Yvette said, “I really can't thank you enough for this incredible, life changing opportunity. And to top it off, we're breaking ground during International Women Build Week. Thank you to every single person involved in making my dream come true - it means the world to me and my daughter.”

Greater Albuquerque Habitat for Humanity is a Veteran Build Affiliate. Our programs provide volunteer and homeownership opportunities to veterans, military service members and their families.
The cost of rent and homeownership is sky-rocketing across the country. In Albuquerque, 1 in 8 households cannot afford a decent place to live.

Affordable housing for low-income families is needed now more than ever, which is why we appreciate your partnership and commitment to Habitat’s mission.

One of our goals is to move seamlessly from one housing development to the next, with limited interruption in construction. This is why we must establish a land bank – to ensure we have land available and ready to build on. Realizing how crucial a land bank is to helping more families find stability, Irving and Lois Hall established the Hall Land Fund.

Irv loved to inspire others to give! The Halls’ pledge was made with an understanding that Habitat would secure $300,000 from Habitat supporters by the end of 2022. We need your support if we are to reach that goal.

Irving and Lois Hall established the Hall Land Fund to ensure Habitat can continue to build affordable housing in Albuquerque.

Your contribution means more families will have an opportunity to build a better life. Please make a gift using the return envelope or online at habitatabq.org. If you have questions, please contact Beth at beth@habitatabq.org.

We are so pleased to support the Hall Land Fund. With this fund Habitat will have a sustainable source of funds to purchase appropriate land as it becomes available. More homes can be built; more low-income families can have the affordable and secure home they need and have dreamed of.”

– John and Kris Stichman, Habitat volunteers and supporters

Women raise a hammer for affordable housing

Habitat for Humanity International and Lowe’s united in more than 235 communities throughout the United States, India and Canada for International Women Build Week (March 1-8) to raise awareness of housing issues facing women and their families.

We are grateful to the team of women from Lowe’s who volunteered on our job site during International Women Build Week. They added the finishing touches on a home for a single mother.

Our mission is only possible with your support.
We are grateful for the generous foundations, organizations and faith groups that made contributions between Oct 1, 2019, and February 29, 2020. Because of you, we are able to build hope and change lives by making home ownership possible for low-income families.

Thank you for building hope
